PROGRAM OVERVIEW

Human Resource Management

The Human Resource Management degree program is focused on recruitment, selection, training, development, compensation, labor-management relations, and labor law. It prepares students to work as a recruiter or a human resources professional across a variety of businesses and industries. The program will emphasize specific professional knowledge, theory, and skills required for job acquisition, retention, and advancement in the human resources area. Graduates who are currently employed will benefit through enhancement of career potential. Graduates not yet employed in field will be prepared to pursue diverse opportunities in human resource management.

Program length is sixty-four (64) credit hours.

Human Resource Management Specialist

The Human Resource Management Specialist Certificate prepares individuals to perform human resources functions in the HR Department in most companies. Learning opportunities will introduce, develop, and reinforce students' knowledge, skills, and attitudes required for job acquisition, retention, and advancement in management. Graduates will receive a Human Resources Management Specialist TCC.

Program length is eighteen (18) credit hours.

Columbus Technical College is accredited by the Southern Association of Colleges and Schools Commission on Colleges.
