## PROGRAM OVERVIEW

The Mechatronics Technology Program is designed for the student who wishes to prepare for a career as a mechatronics technician/electrician. The program provides learning opportunities that introduce, develop and reinforce academic and technical knowledge, skill, and attitudes required for job acquisition, retention, and advancement. Additionally, the program provides opportunities to retrain or upgrade present knowledge and skill. The program teaches skills in several areas of industrial maintenance including electronics, industrial wiring, motors, controls, PLCs, instrumentation, fluid power, mechanical, pumps and piping, and computers. Program graduates are qualified for employment as industrial electricians or mechatronics technicians.

Degree program length is sixty (60) credit hours.

Diploma program length is forty-seven (47) credit hours.

Columbus Technical College is accredited by the Southern Association of Colleges and Schools Commission on Colleges.

# 58k

## EARNING POTENTIAL

\*MEDIAN SALARY IN GA  
SOURCE: U.S. BUREAU OF LABOR STATISTICS, GA

## PROSPECTS

Robotics Engineer/Technician

Automation Engineer

Control System Design/  
Troubleshooting Engineer

Electronics Design Engineer

Mechanical Design Engineer

## FINANCIAL AID AVAILABLE
